

Guide and Maps – ASFE 2019

Before you come...

- Singapore is a tropical city with temperature ranging from 26°C to 32°C. Apart from the formal conference attire, please take this in mind when preparing your clothing.
- During the time of the conference, heavy rain can be expected. Therefore, please have an umbrella with you at all times.

Once you arrive...

- We highly recommend you to acquire the 2-in-1 sim card with Ez-link feature (with 100 GB data and \$3 Ez-link credits included) for \$18 (see the picture below). This card will allow you to use the public transport in Singapore. You can get this card in the money changers in the airport terminal.

Alternatively, you can buy a designated tourist sim card for \$15 or \$12 (with 100 GB data) without Ez-link function and buy single-ride tickets for trains at the train stations or pay \$2 (flat, each ride) in cash for buses. Designated Ez-link card is also available for sale in the MRT stations. Use the ticketing machines in MRT stations to top-up your Ez-links cards.
